# INDIAN WHISKY

The drinking of Scotch whisky was introduced to India in the 19th century. Amrut distilleries in Bangalore estimate because of climate differences, one year of barrel ageing in India is equal to three years of ageing in Scotland. Amrut or Amrita is a Sanskrit word which can be translated as ‘nectar of the gods’, ‘nectar of life’, or ‘drink of the gods’.

All whisky served in 50ml measures with water and ice on request.
